## Custom Made • Spring 2019

At Stenströms, we never compromise on the quality of fabrics or the precision in cutting and sewing. And since we wish to offer the very best, we would never expect our customers to compromise, either. Our Custom Made concept allows you to personalize a genuine Stenströms shirt according to your own measurements and preferences. We help you to choose from among our extensive range of carefully selected fabrics, colours, collars and cuffs.

Naturally, we will take your measurements and create a shirt that fits you perfectly - satisfaction guaranteed! Like all Stenströms shirts, the collar of your personal Stenströms shirt is specially cut to accommodate a softer interlining than what is used in common shirts. If you wish, we will keep your measurements on file at the shop, so you can order a new Custom Made Stenströms shirt whenever you please.

## The Styles

At Stenströms, we never compromise on the quality of fabrics or the precision in cutting and sewing. We wish to offer the very best, which also includes a variety of shirt models. Below you find an overview over the different styles we offer in our shirt program.

## Sea Island Cotton

This rare and costly raw material contains the longest cotton fibres in the world and is exclusively cultivated in the British West Indies. The extraordinarily fine fibres are spun into yarn that is soft as cashmere, has a silken sheen and is long-lasting as wool.
